## WATER PURIFIERS

### heavy duty metal water filter housings

models AP1610, AP2610

#### Features

- Heavy duty 304 stainless steel housings with brass heads for maximum strength and durability
- Unrestricted flow design and 3/4" connections provide a plentiful 22.7 litres per minute (6 gpm) of clear water with a clean pressure drop of less than 0.17bar (2psi)
- Maximum pressure rating of 14 bar (200psi)
- Maximum temperature 99°C (210°F)
- Supplied with mounting bracket, screws and tommy bar.

#### Benefits

- Provides clean water in households and commercial buildings
- Prevents stains on fixtures and clothing caused by dirt and rust in water
- Extends the life of appliances, faucets and fixtures by filtering abrasive dirt, grit and sand
- Simple to install
- Available in multi-cartridge housings for high flow requirements
- Suitable for high pressure/temperature applications

Quality  
Endorsed  
Company  
ISO 9001 Lic 3937  
SAI Global

Manufactured under  
a quality system  
certified as  
complying with  
ISO 9001 by an  
accredited  
certification body

These models are made specifically for high-rise building and commercial applications: such as apartment buildings, condominiums, office buildings, schools, hotels and hospitals.

Both filters come standard with mounting bracket, screws and tommy bar. Cartridges are available to solve a variety of problems such as sediment, chlorine, bad taste and odours and scale build-up.

The heavy duty housings are made of 304 stainless steel and brass for high pressure systems. The AP1610 uses one cartridge, the AP2610 uses two cartridges for extra heavy duty or for longer periods between cartridge replacement.

These models have 3/4" connections. Other housings are available with connection sizes ranging from 3/8" to 3" for both vertical and horizontal installations.

### Specifications

Model No.	Connection Size	Dimensions		Maximum Flow Rate	Clean Pressure Drop with AP110 Cartridge	Maximum Water Temp	Maximum Pressure	Replacement Cartridge Qty
		Height	Maximum Diameter					
AP1610	3/4" in-line BSP	310.3mm (12 <sup>7</sup> / <sub>32</sub> "	105.6mm (4 <sup>5</sup> / <sub>32</sub> "	22.7lpm (6gpm)	0.09 Bar @ 22.7lpm (1psi @ 6gpm)	99°C (210°F)	14 Bar (200psi)	1
AP2610	3/4" in-line BSP	559.6mm (22 <sup>1</sup> / <sub>32</sub> "	105.6mm (4 <sup>5</sup> / <sub>32</sub> "	45.4lpm (12gpm)	0.17 Bar @ 45.4lpm (2psi @ 12gpm)	99°C (210°F)	14 Bar (200psi)	2

### Dirt and rust cartridges

These cartridges are made by an exclusive process in which pure white cellulose fibres are permanently arranged in the form of a porous rigid cylinder. The spaces between fibres become gradually smaller toward the center cavity. In this way larger particles are trapped in the outer layers, while at the inner layers particles as small as 5 microns are trapped. Only clean water flows up through the cavity into the outlet water stream.

Note: AP1610 and AP2610 do not come with filter cartridges.

A range of cartridges are available to solve numerous water problems. For a complete list of cartridges and the problems they solve, refer to your sales brochure or Aqua-Pure stockist.

Cartridge No.	Recommended Water Service	Nominal Degree of Filtration	Height	Dimensions Maximum Diameter	Center Hole
AP110	Normal dirt load	5 Microns			
AP111	Medium dirt load	25 Microns	248mm	54mm (2 <sup>5</sup> / <sub>8</sub> "	25.4mm (1")
AP124	Heavy dirt load	50 Microns	(9 <sup>3</sup> / <sub>4</sub> "		
AP117	Taste/odour	5 Microns			

### Warranty

The Aqua-Pure water filter system is designed to operate at a maximum pressure of 14 bar (200psi) and at a maximum temperature of 99°C. Aqua-Pure warrants this filter to be free from defects in material and workmanship for a period of \*one year from date of purchase (\*Warranty period excludes cartridges which are consumable). This Warranty is expressly limited to repair or replacement at our premises of any part or parts proving defective providing purifier has been installed in accordance with our Installation Instructions, and pressure and temperature do not exceed limits stated herein. This Warranty does not extend to mechanical damage. Save insofar as they may be excluded by law, this warranty is given in lieu of all other expressed or implied warranties or conditions and Aqua-Pure shall in no event be held liable for damages or delays caused by defects and assumes no responsibility for unauthorised repairs.
